

IF YOU ARE READING THIS, YOU ARE ONE OF THE SURVIVORS.

A nuclear attack gone wrong results in a post-apocalyptic world. Assume the identity of a futuristic combat soldier, THE GUARDIAN, tasked with leading the assault on the remaining enemy combatants in an urban wasteland.

WELCOME TO THE KILLING ZONE

THE GUARDIAN™

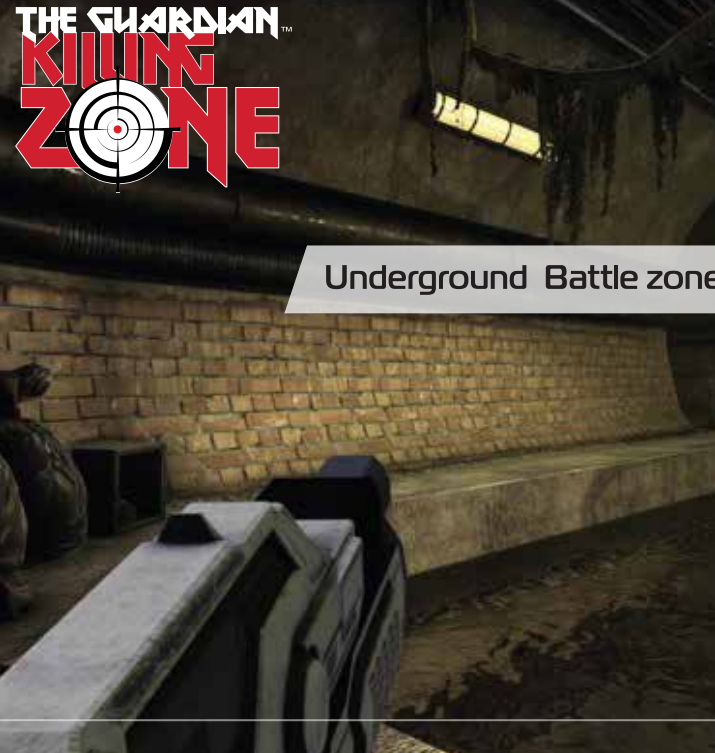

Aptitude: Specialized training in undead combat. Over 600 zombie kills.

Mission: Clear the city of zombies so survivors can begin to rebuild their lives and their population.

Use your Power Cube to choose your Guardian

THE GUARDIAN™ KILLING ZONE

Underground Battle zone

INSTRUCTIONS:

Step 1: Download the game to your mobile device. Using your device browser, go to the following link: <http://TheGuardianKillingZone.com>. From there you will be directed to the correct app store page for your device (iOS or android).

Step 2: Connect your BLUETOOTH controller to your device. Make sure BLUETOOTH is active on your device and hold down the START button on the game controller to begin pairing. The controller will appear as **DV Controller** on your device.

Step 3: Tap on the game icon to launch the app. To unlock your character choices, choose the option to Scan Power Cube. This will activate your device camera so you can point it at the cube that came with your headset. Follow the on-screen instructions.

Step 4: Once the Power Cube has been successfully scanned, choose a character to play with. Activate the "Play" button to enter VR mode.

Step 5: Place your device in your tzumi® VR headset. Put on the headset and pick up your controller.

Step 6: Follow the in-game instructions for more details on how to play. Have fun!
