USING YOUR HALO STICK PRO

Compatible with iPhone & Android
Folding, Portable Design

STEP 1: Screw on tripod base (if only using as handheld selfie stick, disregard this step)

STEP 2: Expand to desired length

STEP 3: Place Halo on a flat, stable surface

STEP 4: Unfold phone mount to desired angle and lock with turn knob

STEP 5: Insert your phone into the mount

STEP 6: Turn ON the ring light, press the power button again to cycle between the 3 light modes, white, warm white and mixed.

BLUETOOTH PAIRING:

STEP 1: When you have turned the remote on, it will automatically enter pairing mode. The LED indicator will begin to flash blue repeatedly.

STEP 2: Once in pairing mode, open the Settings menu on your smart device (smartphone, tablet, etc.)

STEP 3: Enable Bluetooth pairing and wait for your device to locate the shutter remote

STEP 4: When this happens, "OnAir Remote" will appear on the device list; select this option. Follow the prompt to pair the remote.

STEP 5: The LED will turn off after a successful connection.

CHARGING HALO STICK:

Connect to a power source via Micro-USB cable and Halo Stick Pro will begin charging
