

10-Watt Wireless Charging Pad

tzumi®

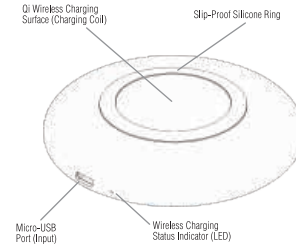

INTRODUCTION & FEATURES

The tzumi Wireless Charging Pad's sophisticated, low-key frame makes it an ideal desktop charger for the home, office, or any other flat surface. It is designed with a rubberized slip-proof silicone coating on both sides to hold your Qi-enabled device steady and in place while charging and to maintain its grip on any surface. Even in the tightest spaces, this compact charging pad will keep you powered.

PACKAGE CONTENTS:

- 1 x Wireless Charging Pad
- 1 x Micro-USB Cable
- User Manual

PRODUCT OVERVIEW & FUNCTIONS

- Universally Compatible with Qi-Enabled Devices
- Fits in Pockets, Laptop Bags, Small Purses and More!
- Compact & Travel-Friendly Lightweight Design

CHARGING YOUR SMARTPHONE OR OTHER PORTABLE DEVICE

IMPORTANT:

- Make sure that your device is compatible with Qi Induction charging and that wireless charging is enabled if necessary.
- If your device uses a metallic protective case, remove the case before charging.
- If your phone case is too thick you may experience a lack of charging efficiency. Remove the case and all attachments for the fastest charge.

STEP 1: Plug the USB end of the Micro-USB cable into an AC wall charger and the Micro-USB end into the port located on the Wireless Charging Pad. Place the pad on a sturdy flat surface, such as a desk or table. When the charger is plugged in, the LED will flash RED and GREEN quickly. This indicates that the charger is powered on and ready to use.

STEP 2: Place your device directly on the Wireless Charging Pad. Refer to the diagrams for proper placement.

- The LED will glow RED when the pad is ready for charging.
- The LED will be GREEN every 1-2 seconds while a device is charging.

STEP 3: The charging time will vary depending on the age/brand/model of your device. Your device will display the charging progress. You may safely remove your device from the pad at any time during the charging process.

CLEANING & CARE:

- If your Charging Pad appears to need cleaning, wipe the exterior down with a soft, dry cloth.
- Never use abrasive cleaning agents or chemicals.
- Wipe off any accumulated dust periodically.

IMPORTANT SAFETY INSTRUCTIONS:

Be sure to read all safety precautions and warnings below before attempting to use your 5-Watt Wireless Charging Pad. Violation of these instructions could result in the device malfunctioning, injury to the user and/or violation of the tzumi Product Warranty.

- Do not use the Wireless Charging Pad for anything other than its intended use.
- This product is not a toy and should be kept out of reach of children.
- Do not attempt to disassemble or modify your charger in any way.
- Keep the Wireless Charging Pad away from all heat sources, including direct sunlight. No not expose the charging pad to humidity, water, or any other liquid. Do not expose to extremely hot or extremely cold temperatures/conditions. Never store or use this product in temperatures below 32° F (0° C) or above 115° F (45° C).
- Do not operate charger if it has become wet or moist. The unit is not waterproof or water-resistant. Do not use in places with high humidity, such as a bathroom.
- Do not damage the power cord by bending, twisting, pulling, or heating it. Do not use the plug if it is loose as it may cause a fire or electric shock.
- Do not use harsh chemicals (such as alcohol, benzene, thinners, etc.) or detergents to clean your charger.
