POCKET JUICE™

—endurance™ AC

Portable Charger 20,000 mAh

Please read the manual in its entirety before using the device.

PRODUCT SPECIFICATIONS

Battery Capacity	3.7V / 20,000mAh
Type	Lithium Polymer
Dual USB Output	DC 5V/4.8A
USB Type-C Input	DC 5V/2A
AC Input	100-240V - 50/60Hz, 0.3A

CHARGING YOUR PHONE OR OTHER PORTABLE DEVICE

NOTE: For best performance, make sure that the Pocket Juice Charger is fully charged. Refer to opposite page for charging instructions.

1. Insert a USB charging cable into one of the USB ports in the Pocket Juice and the other end into the device you wish to charge/power. You may also charge a second device at the same time by using a second USB cable.
2. Turn the Power Bank on by pressing the Power ON/OFF button, the charging process will start. Charging time will depend on the type of device. Your device will display the charging progress.
3. When charging is complete, disconnect.

CHARGING YOUR POCKET JUICE CHARGER

NOTE: Your Pocket Juice Charger comes pre-charged. Depending on a few factors, some of the battery might have discharged during transit.

QUICK POWER TEST: Perform the test by pressing on the Power button. The Indicator Lights will illuminate accordingly (see charging chart on right). After 5 seconds, the LEDs will turn off automatically.

- A Via Wall Outlet:** Unfold the prongs and insert into the wall outlet.
- B Via Computer:** Using the provided USB-C cable, connect your Power Bank (USB-C) to the computer/laptop (USB port).

CHARGING CHART

■ ■ ■ ■	75-100% energy remaining
□ ■ ■ ■	50-75% energy remaining
□ □ ■ ■	25-50% energy remaining
□ □ □ ■	0-25% energy remaining

It takes approximately 10-20 hours to fully charge your Pocket Juice Charger (from depleted unit). Once the charging is in progress, the Indicator Lights will illuminate accordingly (see charging chart above).

When the charging is complete, all Indicator Lights will remain lit until you disconnect your Pocket Juice Charger from the power supply.

NOTE: Once fully charged, the Pocket Juice Charger is able to re-charge most devices several times depending on the battery capacity of the device and the condition and age of the battery.

IMPORTANT SAFEGUARDS

- Do not use this unit for anything other than its intended use.
- Keep the unit away from heat source, direct sunlight, humidity, water or any other liquid.
- Do not expose the device to extremely high or low temperatures, as it may damage the battery.
- Do not operate the unit if it has been wet or moist to prevent against electric shock and/or injury to yourself and damage to the unit.
- Do not use the unit if it has been dropped or damaged in any way.

- Repairs to electrical equipment should only be performed by a qualified electrician. Improper repairs may place the user at serious risk.
- Keep the unit out of reach of children.
- This unit is not a toy.

BATTERY DISPOSAL:

This product contains a Lithium Polymer battery. Lithium Polymer batteries are environmentally safe when fully discharged. Please refer to your local and state laws for battery disposal procedures.
