- Impressive Sound Quality
- Convenient LED display
- Active Noise Cancellation (ANC)
- AI-Driven Translation
- Extended Battery Life

What's Included:
- Soundplay Verse AI
- 3 Earbuds Tip Sizes
- USB Type-C Cable
- User Guide

Product Overview

- LED Screen
- Charging Case
- USB Type-C Charging Port
- Charging Case Power Button
- Touch Area

Charging the SoundPlay Verse AI

1. Plug one end of the included charging cable to the USB-C port on the Charging case and plug the other end into a USB power source.
2. It takes up to 2 hours to fully charge the Charging case and Earbuds from a completely depleted battery level.
3. While the charging case is in use, the screen will display the current battery level of the case as well as the battery levels of the earbuds.

NOTE: To maintain the battery capacity of the Soundplay Verse AI, ensure that you fully charge and discharge the unit at least once every 3 months, even if it is not being used regularly.

Downloading the Verse AI App

Scan the QR code below to download the app via the Google Play or the Apple App Store.
Once downloaded, you can follow the instructions to connect your device to Bluetooth.
You will be prompted to create an account. Follow the instructions to finalize your account information.
A one-time activation code will be sent to your email to bind the earbuds to your account.

Binding Your Earbuds

Scan the QR code below to bind the earbuds to your account.

GET IT ON **Google Play**

Download on the **App Store**

Connecting to Bluetooth

1. Open the charging case and the earbuds will turn on.
2. Activate your mobile device's Bluetooth function and search and select "VERS BUDS" from your mobile device's Bluetooth list and follow the prompts to complete the pairing process.
3. The earbuds will announce "Connected" once your devices have been successfully paired.

NOTE: After successfully pairing once, your devices will remember each other. No pairing will be needed next time.

Using the Earbuds

Answer/End Call: Touch the RIGHT or LEFT earbud once.

Reject Call: Touch and hold the RIGHT or LEFT earbud for 2 seconds.

Play/Pause: Touch the RIGHT or LEFT earbud once.

Next Song: Touch and hold the RIGHT earbud for two seconds.

Rewind/Previous Song: Touch and hold the LEFT earbud for two seconds.

Modes: Touch the Right earbud two times to cycle through Active Noise Cancellation (ANC) and Transparent Mode.

**Voice Assistant**: Touch the RIGHT/LEFT earbuds three times.

Navigating the Case LED Screen

Power on LED Screen: Press the Charging Case Power Button.

Unlock Device: Slide the screen to unlock.

Change Wallpaper: Swipe left or right on the Home Screen to view the wallpaper options. Tap to select the image you want to use as your screen wallpaper.

Activate ANC & Transparent Mode: Toggle between listening options.

Music Control: Use this to play, pause, fast forward, and rewind music.

Immersive Sound: Enjoy immersive sound modes while watching movies, listening to music, or playing games on your mobile.

Find Earbuds: Tap the L or R button to find your Left or Right earbud if it's lost. The earbud will begin beeping to help you locate it.

Navigating the Case LED Screen (cont.)

Equalizer: Adjust your audio settings to match your favorite genres like Rock, Jazz, or Pop.

Settings: Select your preferred screen language, turn off the charging case, and explore additional settings from the list.

Voice Assistant: Activate your mobile's voice assistant by tapping the blue microphone button.

Timer: Use the Charging case as a Timer by selecting preset durations or tapping the "+" button to set your own duration.

Flashlight: Tap the flashlight icon on the LED screen, and it will display white, red, yellow, and green.

Brightness: Adjust the brightness of the LED screen.

Photograph: Tap the camera icon on the charging case screen to take a picture with your phone.
